What went on in Kiwanis this week –

Members Meeting

We only had 6 confirmed members on line for this meeting, although we do believe Bob K joined us at one time, but we seemed to have lost him. However, it was great to have Bertha join us.

Linda reported that we now have 4 Scholarship applications. 3 from Camarillo High and one from Rio Mesa. However, the deadline was extended until April 20, so she expects to see a lot more coming in this week.

Mary suggested that we send congratulation certificates to all KIWIN'S and Key Club members that are graduating from our three clubs. She will contact the club presidents to see if they can provide a list.

Bob reported that he has received the check from the county for our work at the polling station. This was little under \$500.

Linda said that she had contacted Painting with a Twist with regards to refunds for those that registered for the April 30 fundraiser and they are going to give a store credit to be used when we rearrange the event.

Allen started collecting input from members on where we would like the club to be in 5 years so that we start putting together a strategic plan. This was a great meeting with very positive input.

We hope to have our Lt. Governor, Don Erikson and Lt. Governor Elect, Debbie Heaslip join our Zoom meeting this week. This is our chance to find out what is going on in our division and get some ideas about how we can survive through and recover from this time of social distancing. So please join us on Tuesday April 21, at Noon. Bob will be on line from 11:45 am, so join us a little early so we can socialize and get most of the introduction over with before the meeting starts. If you are not sure if you have the right equipment, just give Bob Gaboury a call (805-390-9212) and he will give you a practice run before the meeting to make sure it all works

Has anything exciting happened on you on this 5th week of home incarceration. We did get a week off from home studies as it was Spring Break, but this only caused more boredom for the kids. So, what did we do to pass the time? After completing a difficult 1,000-piece puzzle we settled for slightly easier 300 piece. We also had another birthday down our street this weekend. It is amazing what families come up with to celebrate and still keep their social distancing. This time we had a parade of decorated cars drive down the street wishing the neighbor a happy 80th birthday. Then they ended up having a photo shoot in the front yard before driving away.

Our granddaughter reaches double figures on the 28th and I am wondering if anyone has any ideas what we can do to make that day special. We can't have her friends over; can't go to the park playground; dinner out is out; no skating open; no pizza parties; etc. etc. Help!

Don't forget it is getting pretty lonely out there, so please take some time and phone a friend. Check up on some our members you may not have spoken to for a while.

OK, let's lighten the mood a bit:

"Until now, I never understood why you got so excited when someone walked past the house."

The best thing about being over 40 is that we did all our stupid stuff before the invention of the internet, so there's no proof!
