

## NEWSLETTER July 6, 2020

### Editorial – Allen Grizzard-Paul

So, what have I been up to this July 4 weekend? Would you believe I have been making ART? While serving my apprenticeship, I went to an Engineering and Art College, and one of the things I learned was that anything can make art, even trash. So, I decided to demolish our Jacuzzi and make this master piece. I am open for bids starting at \$100 (come on I have seen more stupid things go for a lot more). No wait a minute, Mary said I got that wrong. She said we will give you \$100 if you will take it away.

### Last week meeting

Bob Kelly reported that he and Ryan Tape had a meeting at Camarillo Springs Golf Club and they are looking at October for a Golf Tournament. They believe that the course will still be open. Ryan will speak to the golf group that he belongs to and see what response he gets.

Linda reported that she still has two scholarships that have not been claimed.

Carole reported that she has not heard anything from the Cub Scouts and at the moment she does not have a contact person as Vickie's son has moved up to the Boy Scouts and we are waiting for information on who has taken her place.

We had a good response for happy/sad dollars where Peter is very happy that he tested negative for the virus after having a little scare, and Linda is very happy that she has received her first retirement check. Doug was happy that he was able to sneak in an excellent meal at a nice restaurant before they shut them down again. I can't remember the rest of the happy/sad including my own. I guess my memory is dying faster than the rest of me.

### **Governors Visit**

Here we go again – due to the upturn in people being infected with the virus, the Governor's visit that was going to be at kidSTREAM on July 11, has once again been postponed. They are still hopeful that we can rearrange this date as soon as it is safe again. However, now that this has been cancelled there will be a DCM next Thursday, July 9. Link information to follow.

### **Senior Nutrition Program**

Bob delivered last week and I will do this Monday. Doug has volunteered for 13<sup>th</sup>, and Bob will do the 20<sup>th</sup>. July 27<sup>th</sup> is still open if anyone wants to volunteer.

### **District Convention**

So far, the District Convention is still on. This will be at the Nugget Casino Resort, Sparks, Nevada, August 13-15. Registration fee which is usually covered from our Fine & Travel account is \$200 per head if you register on or before July 10. From July 13<sup>th</sup> -31<sup>st</sup> it is \$225 and on site it will be \$250. Our club generally covers the cost of the Interclub Luncheon which will be on the Saturday. There will be training sessions on the many aspects of Kiwanis. Bob Kelly, Mary and I are planning to attend. Please let me know if you would like to join us.

**Doug's weekly Trivia Question – When and why did Cats and Dogs become domesticated?**

## **More on the lighter side of this epidemic:**

**It's been a great blessing to be home with the wife these last few months. We've caught up on everything I've done wrong in the last 20 years.**

**Is it too early to put up the Xmas tree yet? I have run out of things to do.**

**After all these days of Social Distancing, I struck up a conversation with a spider today. Seems nice. He's a web designer.**

**Having some states lock down and some states not lock down is like having a peeing section in a swimming pool.**

**Another Saturday night in the house and I just realized even the trash goes out more than me.**

**For the animal lovers out there. This week we have one COOL dog.**

## **Trivia Answer:**

The when is a little open as it was anywhere between 15,000 to 40,000 years ago. With both Cats and Dogs having to hunt for their food, they suddenly discovered that, if they become friends with humans, the humans will feed them and they could sleep all day long. Apparently, this is true – Doug said so.
