Last Week's Event

Carole had a big event on Monday. She had her hip surgery and is now recuperating in the Camarillo Senior Living Center, just outside Leisure Village. She said the food is not bad and she is getting physiotherapy every day. She should be back in the pool playing volley ball any time soon. If you can get around to visiting her, give her a call first.

Also on Monday, John and I visited Rio Messa's Key Club for their first meeting. They had lots of potential members show up to listen to President Kim describe what Key Club is and ho it fits into the Kiwanis Family.

Great turn out for the Key Club's first meeting

Last Tuesday we were down to only 5 members at our meeting. Still had a fun meeting. This week we are trying out the Twisted Oaks Tavern on Ventura Blvd., once again. The food good and the price is good if you order of the Happy hour menu. If you haven't been there yet, come and try it out.

On Wednesday, Linda attended the first Builders Club meeting of the new school year. They had a couple of ice breaker activities. One was a paper toss with questions to ask each other. Also, they wrote their name in chalk along with three things about Builders Club.

I think they are going to chalk up another great year with our Builders Club.

On Saturday, Pat and Linda put in a number of service hours doing the coastal clean up.

Pick from Doug's weekly rave:

-A research group captured an odd porpoise that had feet. One of the scientists said, "Maybe we should cut off his feet." Another fellow replied, "Wait, not on your life. That would be defeeting the porpoise!"

-A three-legged dog walks into a bar and says, "I'm looking for the dirty varmint that shot my paw!"

-A fellow walks into a bar and sees a dog playing poker. The man was amazed and says to the bartender, "Is that really a dog playing poker?" "Yes" says the bartender. "Well, is he any good?" The bartender replies, "Naw, every time he has a good hand, he wags his tail!"

Allen,

On behalf of the kidSTREAM team, you're invited to join us on Saturday, September 28th from 10AM - 2PM in the future outdoor exhibit space at kidSTREAM Children's museum for our Worldwide Day of Play event!

This day is dedicated to experiencing joyful learning through play, and focuses on getting kids and their caregivers up, out, and playing. kidSTREAM will be participating alongside more than 100 children's museums globally. This will also be an opportunity to get a glimpse into our planned exhibits and programs, and to give us feedback as we near construction on a destination worthy, hands-on resource. Mark your calendars and share this exciting event with a friend!

As we continue to make progress towards breaking ground on construction, we love spending time with the community at events like these to provide a glimpse into how engaging and important hands-on play is while also sharing more and hearing your feedback as we prepare to build something that will transform the lives of children for generations to come!
